

A map of the United States where each state is shaded in a color representing the number of COVID-19 cases. The colors range from light green for low case counts to dark blue for high case counts. Black circles of varying sizes are placed over each state, containing the exact number of cases. The size of the circle is proportional to the number of cases, with the largest circles appearing in California (323), New York (118), and Texas (95).

State	Cases
Alabama	19
Alaska	27
Arizona	15
Arkansas	2
California	323
Colorado	3
